## 2. | RARITIES

### The Red Mauritius 1847

Red Marutitius, 1 penny denomination, issued on 21 September 1847. This value was intended for franking letters sent through local transport. For example they were used for sending invitations to a celebratory ball held on 30 September 1847 by the wife of the governor of Mauritius, Lady Elisabeth Gomm, in Port Louis, the capital city of the island. Only 15 copies remain from the original print load 500 pieces. The here exhibited specimen is located in the collection of a Czech philatelist from 2016.

### Drawing of the design by A. Mucha for the first Czechoslovak stamps

In 1918, after the establishment of Czechoslovakia, there was a need to print new Czechoslovak postage stamps. At that time, the leading philatelists J. Lešetický and J. Šula, on behalf of the Ministry of Posts and Telegraphs, visited A. Mucha with a request to prepare a design for the first Czechoslovak stamps by the morning of the next day.

### The first official letter from Antarctica recognized in the study of the Antarctic region

Captain Charles Jonathan Winship writes to his father (manuscript) from Potter Cove, the South Shetlands on 21 February 1821 that he arrived at O'Cain Harbor (named after his ship) earlier to begin sealing.

### 1839-43 "British (Ross) Antarctic Expedition"

This is the earliest known concessionary letter from the Falkland Islands and one of the earliest known letters from Antarctic exploratory expeditions (the only preserved letter sent from Ross's expedition).

### 3. LIBEREC AT A GLANCE

We look forward to welcoming you to Liberec – a beautiful city, situated close to the borders with Poland and Germany, in the valley between the Jizerské and Lužické Mountains. Wherever you are in the city, you'll see Ještěd - the mountain hotel and television transmitter which has become a symbol of the city of Liberec as well as the entire Liberec region.

Another key site of interest is the town hall. Built in Neo-Renaissance-style in 1893, and designed by F. Neumann, Viennese architect, Liberec Town Hall is well-known for its similarity to Vienna Town Hall. But there are many other tourist attractions in Liberec. The oldest ZOO in Central Europe or the amazing botanical gardens are visited by numerous tourists all year round. The Liberec museum and the Lázně art gallery are also worth visiting.
